Hi Andrew. This is to confirm our telephone conversation of a few minutes ago. It looks like you are seeking copies of records. If you will submit a FOIA request we can process that request. I have attached a link to FOIA Online, where you can submit your request electronically. We were not aware of the subpoena mailed to Mr. Peronard until today. We request that you withdraw the subpoena and use the FOIA process. Please let me know if this approach is acceptable. Thanks.
